03

The Voice

How you communicate

Q10

If your brand was a person, who would they be?

One character. The one that sounds most like you.

■ The Trusted Friend

Warm, honest, simple. Like advice from someone who genuinely cares.

■ The Expert

Confident, credible, authoritative. You know your craft inside out.

■ The Cool Peer

Casual, current, slightly playful. Feels like a person, not a brand.

■ The Luxury Host

Refined, aspirational, measured. Every word is chosen carefully.

♦ Recommended for better results – A real example calibrates tone more than any label

Paste a caption or sentence that felt perfectly on-brand:

Or write one sentence the way you'd naturally talk to a customer.

Q11

If your brand had a soundtrack, what would it sound like?

Pick the one that feels right.

■ ■ Warm Acoustic

Intimate, soulful, human

■ ■ Arabic Contemporary

Cultural, current, local

■ ■ Upbeat Pop

Energetic, positive, youthful

■ ■ Cinematic Instrumental

Elevated, dramatic, premium

■ ■ Lo-fi Minimal

Calm, clean, thoughtful

■ ■ High Energy Commercial

Bold, fast, attention-grabbing

♦ Recommended for better results – An actual track is worth a thousand genre labels

Paste a YouTube or Spotify link to a song that sounds like your brand:

Q12

What should we never show?

Your rules, your brand. Check everything that applies.

Select (select all that apply):

☐ Human faces	☐ Alcohol	☐ Pork / Non-halal	☐ Revealing clothing
☐ Western holidays	☐ Competitor brands	☐ Young children	☐ English-only content
☐ AI-looking visuals		☐ Overly polished content	

♦ Recommended for better results – Brand-specific rules no checklist could predict

Any restriction not in the list above:

This controls captions and text across every piece of content.

Select (select all that apply):

☐ Arabic only	☐ English only	☐ Bilingual — Arabic first	☐ Bilingual — English first
--------------------------------------	---------------------------------------	---	--

♦ Recommended for better results – Your exact words are used across every chain

Your tagline or slogan:

In Arabic, English, or both. e.g. ■■■■ ■■■■■■ / Where Quality Meets Taste

Which seasonal moments matter to your brand?

We'll build your content calendar around these.

Select (select all that apply):

☐ Ramadan / Eid Al-Fitr	☐ Eid Al-Adha	☐ Saudi National Day	☐ Founding Day
☐ Mother's Day	☐ Back to School	☐ Valentine's Day	☐ Seasonal Offers

♦ Recommended for better results – Hyper-local occasions the standard calendar doesn't know

Any occasion specific to your city or community:

Q15

Who are you competing with?

Knowing the landscape helps us position you differently.

Name 1–2 brands you compete with directly

◆ Recommended for better results – Knowing the gap shapes how we position you

What do they do better? What do you do better?

Being honest here gives the system your real competitive edge.

Q16

What's the main thing content needs to do?

One goal. The most important one right now.

■ ■ **Get More Orders**

Drive direct sales and conversions

■ ■ **Build Brand Recognition**

Make more people know who we are

■ ■ **Launch Something New**

Introduce a product or location

■ ♥ ■ **Grow My Following**

Build an audience and community

■ ■ **Build Trust & Credibility**

Establish authority in our category

◆ Recommended for better results – Real targets make strategy recommendations measurable

A concrete number you're working toward:

Monthly orders, follower count, revenue goal...

Q17

Has content ever not worked for you?

What felt wrong is often more useful than what felt right.

Select (select all that apply):

■ Too generic

■ Didn't match our brand

■ Too expensive

■ Inconsistent quality

- Took too long
- Low engagement
- Wrong audience
- Never tried before

- Upload content that felt wrong for your brand — you don't need to explain it

◆ Recommended for better results — Showing a failure teaches more than describing a goal

Q18

Share everything you already have.

The more we start with, the less we have to invent.

- Upload any brand assets — logo, product photos, past content, brand guidelines

◆ Recommended for better results — Your model reference becomes the face across all UGC content

- Upload your preferred creator or model photo (JPEG or PNG)

05 The Vision

Where you're going

Q19

What does success look like in 12 months?

One vision. The one that excites you most.

- | | |
|----------------------------|--|
| ■ ■ Doors Always Open | More customers, more traffic, more sales every day |
| ■ ■ Instantly Recognizable | People know our brand just by the look |
| ■ ♥ ■ A Real Community | Followers who care, share, and keep coming back |
| ■ ■ Undeniably Premium | A brand that commands respect and higher prices |

◆ Recommended for better results — Your own words carry weight a card selection can't

In your own words — what does your brand look like in 12 months?

Who knows it, where is it sold, how does it feel different from today?

Q20

One last thing.

Anything we haven't asked. Anything that matters. This is your space.

A rule. A story. A detail. A vision. A fear. A dream. The brands who write the most here always get the best results.
